

Model/TestsU/EdgeListTestsU.h

```
graph BT; A[Model/TestsU/EdgeListTestsU.c] --> B[Model/TestsU/EdgeListTestsU.h]; C[Model/TestsU/mainTestsU.c] --> B;
```

The diagram illustrates a file dependency structure. At the top is a header file, 'Model/TestsU/EdgeListTestsU.h', enclosed in a grey-shaded box. Below it are two source files: 'Model/TestsU/EdgeListTestsU.c' on the left and 'Model/TestsU/mainTestsU.c' on the right, both in white boxes. Two blue arrows point from the source files up to the header file, indicating that both source files include this header.

Model/TestsU/EdgeListTestsU.c

Model/TestsU/mainTestsU.c
